

# Groundwater Demand Management Network

Sharing Groundwater Demand Management  
Solutions for a Sustainable Future

**Our Mission** is to create a community of practice for Groundwater Demand Management (GDM) practitioners to leverage collective expertise, share information, learn, and grow to develop, implement, and support effective GDM actions.

**Our Vision** is to thoughtfully apply GDM actions to achieve healthy and sustainable groundwater systems for future generations.

# FOUNDERS / EXECUTIVE COMMITTEE:

**Dr. Robyn Grimm**

Chief Executive Officer  
California Water Data  
Consortium

**Dr. Isaya Kisekka**

Director  
UC Davis Agricultural Water Center  
University of California Davis
